### Beer Menu

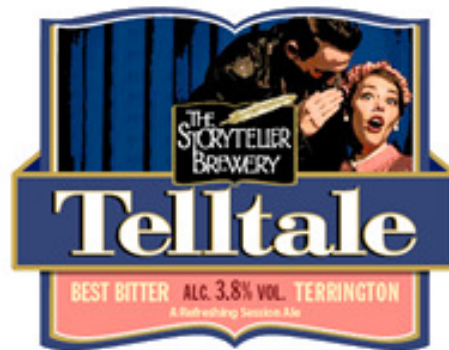

For those of you that don't yet know, I am also brewing real ales in the pub.  
We have three regular beers on the bar:

Genesis "Worthy of the Gods" has an alcohol volume of 3.8% a darker beer with a hint of chocolate.

Telltale "A refreshing session beer" with an alcohol volume of 3.8%, a light coloured session beer.

1402 "Award winning ale" a malty and hoppy beer at 4.2%.

Other beers will be brewed in the summer months to suit different palates  
so pop in for a pint.
